

Secondly, Mitchell took its responsibility for our money seriously. Although we made changes and additions throughout the job, Mitchell treated us fairly on all of the financial matters and their focus remained on getting the job done right.

Thirdly, Mitchell dedicated the resources necessary to get the job done on time. I have been involved in a number of construction projects where I felt like an orphan. Our timing was very important because we were moving from our old church. Mitchell made sure that it adopted a construction schedule that was realistic and then did everything in its power, including spending some of its money, to make sure the construction schedule was met.

Beyond the professionalism of the company, your individual personnel are outstanding people. You and your sons are churchmen. Your spiritual life is reflected in your work. We found you to be men of integrity, candor and honesty. I recommend your company without hesitation. Should any of your clients have any questions, or wish to discuss this matter further, feel free to have them call me.

Thank you for all you have done. I wish you the best in the future.

Sincerely,

Robert Scott
Chairman, Building Committee

P.S. In the last few months, two other organizations I am involved in have hired G. W. Mitchell & Sons, Inc. as general contractor for building projects. I know we will be well served.
